Welcome to the Ninth Annual Little Belt Classic Bull Sale

Thank you for taking the time to look through this year's offering.

Whether you are a long time customer or this is the first time you have come across our cattle, we hope you find something in these pages that catches your attention. We are focused on raising Angus cattle that are practical, productive and built to work in real world conditions.

Our cow herd is the foundation of everything we do. We expect our females to calve easily, maintain themselves, raise a strong calf and stay productive for the long haul. Feet, udders, disposition, fertility, fleshing ability and overall soundness are all important to us because those are the things that matter when cattle have to go out and earn their keep.

We also place a lot of emphasis on performance. We want bulls that will add pounds, maintain structure, move well and leave behind daughters that are the kind you want to keep. For our commercial customers, that means calves with the growth and quality to pay at shipping time. For registered breeders, we also want to offer genetics with enough pedigree, maternal value and EPD strength to move a program forward.

This year's offering reflects that balance. You will find bulls with calving ease, growth, maternal strength, carcass merit and the kind of phenotype we believe commercial cattlemen and seedstock producers can both appreciate. The sire groups represented include HF Hi-Country, LT Titus, Ellingson Lakota, Ellingson Hi-Range, SAV Rise N Shine, S Wrangler 830, along with several herd sire prospects by Brookings Revival, Timberline Felix 34, Stevenson Justice 31200, CAR Armstrong M225, Hilltop Stunner 333L.

What we hope stands out most is the consistency of the group. These bulls were developed with longevity and usefulness in mind. We want them to go out, stay sound, cover cows and sire calves that make a difference. We are proud of the depth in this offering and believe there are bulls here to fit a wide range of operations.

Along with the bulls, we will also offer a select group of commercial bred heifers, and choice of Frank Angus replacement heifers and bred heifers.

If this is your first time looking at our program, we would encourage you to study the cattle, look through the pedigrees and EPDs, and give us a call with any questions. Better yet, stop by the ranch and walk through the pens with us. We enjoy visiting with other cattlemen and are always happy to talk through the kind of cattle that might best fit your operation.

We appreciate your interest in the Little Belt Classic and the opportunity to earn your business.

We look forward to seeing you on sale day.

FERTILITY GUARANTEE

Bulls will be wintered for free until April 1, 2027. Little Belt Classic will assume responsibility for the risk and fertility of the bulls until then. All wintered bulls will be fertility tested in the spring and guaranteed sound prior to delivery. For 60 days after initial turn-out, all bulls selling for $4,000 or more will be covered under the Little Belt Classic Injury Guarantee for injuries that are permanent, non-treatable, and do not result in death. Death loss is not covered under this guarantee and may be covered through separate livestock insurance. Injuries resulting from negligence, improper care, or mismanagement by the buyer are expressly excluded from coverage. All claims must be supported by a veterinarian's diagnosis confirming that the injury is permanent and cannot be successfully treated. LBC reserves the right to require a second veterinary evaluation by a veterinarian of our choosing before approving any claim. For approved claims, the buyer will receive a credit equal to 50% of the original purchase price, minus the full salvage value of the bull. This credit may be applied toward the purchase of a bull at a future Little Belt Classic sale or toward a replacement bull, subject to availability. Please notify us as soon as possible should an injury occur and prior to the bull being sold for salvage. All claims must be made by September 1, 2027.

THANK YOU

We'd like to extend a special thank you to our crew for their help throughout the year. Tyler Flynn, Mick Mosher, Casey, Samantha and Tanner Allen and Jed Stevenson. Our ranch would not operate as smoothly without the hard work ethic of our employees and friends.

We'd also like to thank Cate Doubet for her outstanding job on picturing our bulls.

HD 50K

- One of the standout natural service calves in the offering.
- Lot 4 is a true beef bull, deep through his chest and rib, long on the profile and built with plenty of bone and foot.
- He is the first offering by CAR Armstrong M225 and brings the kind of rugged power commercial cattlemen can use.
- A bull that should add substance, capacity and pounds.

- Performance. Power. Presence.
- P29 has been one we've liked all along. He is a high-growth bull with a square, powerful hip, plenty of length and exceptionally clean front third. On the move, he's athletic and flexible.
- His EPD profile is built to add pounds, landing in the top 3% for WW, top 2% for YW and RADG, and top 1% for CW and $F, while also posting a top 10% $B. His dam weaned him at a 115 WR.
- Serious Cattlemen looking for added performance should have lot 6 marked.

- D52 does it again. This proven cow has consistently raised the kind of bulls that find their way to the top of customers' lists, posting 7 calves at a 90 birth ratio and 6 at a 102 weaning ratio.
- This Revival son is complete and easy to look at, with a strong hip, plenty of rib dimension and a clean, extended front end.
- He also brings a useful birth profile with strong PAP, UDDR and RE rankings.
- A natural-service calf with cow power behind him that deserves a hard look.

- Lot 10 is what we call freaky fronted- He is super extended through his neck and shoulders and continues to his hip. He doesn't give up any rib dimension despite this.
- His dam is the kind of cow you would gladly build a pasture around-an easy keeper!
- Lot 10 scores in the top 4% for WW and top 10% for YW and an almost 800 205 day weight.

- A massive Wrangler son out of a first calf heifer that did an impressive job, weaning him at a 106 ratio.
- He is square topped, big boned and powerful from every angle, yet keeps it together in an attractive package.
- His numbers back up the look, ranking top 9% for WW and CW, top 13% for YW and top 1% for Claw.
- A heavy-duty bull built to add pounds.

PICK OF BRED HEIFERS

We've decided to dig into the heart of the Frank Angus program and offer you the choice of our very best with nothing held back. These heifers are sired by some new genetics and are AI'd to LT Athens 4046, Taimate Roy R38 and my new herd bull acquired last Spring, Deep Creek Armour 566 to calve 2/10/2027.

A supplement sheet will be available sale day or is available upon request and heifers are available for viewing through sale day.

PICK OF REPLACEMENT HEIFER CALVES

A very exciting set of heifer calves sired by some industry leading AI sires.
HF Hi-Country is a pretty hot ticket in the industry.
They have been sale toppers at Hamilton Farms, Sitz Angus and Pine Coulee.
A complete list of heifers is available upon request and heifers are available for viewing through sale day.

ELLINGSON HI-RANGE

BROOKING REVIVAL 0074

HF HI-COUNTRY 7L

50 HEAD SOLID BLACK HEIFERS

We take a lot of pride in our replacement females. Our customers are always happy with the quality and disposition. These heifers were sorted out of the chute during pregnancy test until we had enough numbers for the sale. These are the type of heifers programs are built around. They will go out and work for any herd.

All heifers are due to calve approximately 2/10/2027
Arrangements for delivery must be made immediately after the sale.
One iron, up to date on shots.
